Dear Friends of the Contra Costa County Community,

Safe Return Project is fiscally sponsored by Social Good Fund, a 501 (c)(3) non-profit organization. Our vision as an organization is to empower and increase the visibility of all those who have been impacted by the criminal legal system as a whole. We are invested in building a base of power at the political, social, and economic levels of formerly incarcerated persons across the state of California, addressing the root causes of poverty and the impact that the criminal legal system has had on black people and communities of color.

Safe Return Project is hosting graduation for the fourth cohort of our Richard Boyd Fellowship program. The Richard Boyd Fellowship is a paid opportunity to transform your life and the lives of others. It is a year-long program designed to benefit individuals directly impacted by criminalization and racial disparity who are ready to build marketable skill sets and commit to personal transformation and healing.

We are asking for your support in this valuable community event by contributing on one of the following levels:
